MEMORANDUM FOR: [REDACTED]

25X1

SUBJECT : Presidential Libraries Project.

1. This memo is for your information.
2. At 4:00 p.m. today I received the attached list of CIA items intended to be set aside for the L.B.J. Presidential Library. 25X1
3. [REDACTED] told me at that time that [REDACTED] in OCI [REDACTED] is ready to send several boxes of records to the Records Center for "secure, limited access" storage in the Presidential Libraries collection there. 25X1 25X1
4. [REDACTED] mentioned that [REDACTED] in Room 2F-20, Headquarters [REDACTED] has two safes of DDS and DDP material for the L.B.J. collection. Apparently there are some uncertainties as to their willingness to put all code-word material in the Presidential Libraries Section.. 25X1 25X1 25X1
5. [REDACTED] also said some items are ready to be sent to Austin, Texas -- such as 400 to 500 microfilm reels of FBIS material with a memo of explanation. 25X1
6. Other items to be sent to the Records Center soon are an Index of papers worked on by USIB. (The index will go to Austin but the papers will remain in CIA.) He spoke of NIE, NIS, and OER and OCI Reports. Some DDP reports will be stored with approval for release on 20 January 2019. He said no code-word material would be sent to Austin.
7. I mentioned to him that we have set aside ⁶⁰space in the Records Center specifically for these Presidential Library materials. He said he will need about 100 or so cubic feet of space. I mentioned that the Center received some 50 boxes of material from the National Security Council today. He seemed surprised and interested in this collection. He did not know about Mr. Dulles' arrangement with Mr. Bundy in June 1961.

He wondered about its relationship to the L.B.J. Library. He asked if it was indexed. I said we would inform him of the records description that came with the material.
